Profile

B.Tech Computer Science undergraduate passionate about Data Analytics, Data Science, and Frontend Development. Skilled in programming, machine learning frameworks, and modern web technologies, with hands-on project experience. Brings leadership skills as an Associate at µLearn, contributing to peer collaboration, mentoring, and community-driven initiatives.

Skills

Programming Languages: Python, C, Java, HTML, CSS

Frameworks & Tools: Django, Flask, MongoDB, Tailwind CSS, TensorFlow, PyTorch, Scikit-learn, Pandas, NumPy, Seabor, Anaconda, Git, GitHub

Soft Skill : Team Collaboration & Leadership , Problem-Solving & Critical Thinking ,Communication & Public Speaking, Time Management & Organization , Adaptability & Continuous Learning ,Decision Making & Conflict Resolution

Work Experience

1. Palarivattom, Kochi

June 2024 – July 2024

Python Full Stack Development Intern

- Developed a To-Do application in Django with full CRUD functionality.
- implemented user authentication & authorization for secure access and data management.
- Designed a responsive front-end with HTML, CSS, and JavaScript.
- Collaborated in an Agile team, ensuring timely delivery of milestones

2. Capabl India, Bengaluru, Karnataka

Jan 2023 – Jun 2025

Data Analytics & Data Science Intern

- Worked extensively with Python, NumPy, Pandas, and Scikit-learn for data preprocessing, cleaning, and analysis.
- Applied statistical methods and SQL queries for dataset exploration and processing.
- Implemented ml models including Linear Regression, Logistic Regression, KNN, SVM, Decision Trees, Random Forest, and Clustering.
- Completed hands-on projects such as Taxi Trip Duration Prediction, Ad Click Prediction, Heart Disease Prediction, and IMDB Top 250 Movie Analysis.

3. Nest Digital, Kochi

Jun 2025 – Jul 2025

Data Analytics & Data Science Intern

- Focused on data analysis, data cleaning, and preprocessing for real-world datasets.
- Built a Medical Insurance Price Prediction project using ML algorithms like Decision Trees, Linear Regression, and Random Forest.
- Collaborated with a team to apply AI/ML workflows from data preparation to model evaluation.

Education

Sree Narayana Gurukulam College of Engineering, Kadayirippu

Oct 2022 – Present

Btech in Computer Science and Engineering

CGPA:7.3/10

Relevant Coursework: Object Oriented Programming, Databases, Discrete Maths, Data Structures and Algorithms, Operating Systems, Computer Networks, Machine Learning, Data Mining, Advance Data Structures and Algorithms, Information Retrieval, Image Processing

Leadership & Campus Engagement

- **Associate - Campus Management, μ Learn Foundation (Kerala) (Present)**

Coordinating campus initiatives across Kerala, supporting campus leads, and fostering inter-college collaboration.

- **Ernakulam District Lead - μ Learn Foundation (Previous)**

Led district-level initiatives, mentored campus leads, and organized technical and leadership programs.

- **Mulearn Campus Lead** - Organized and mentored student tech initiatives within campus.

- **IEEE EdSoc Kerala Chapter - Student Intern** – Contributed to academic and professional student activities.

- **IEEE Student Branch - Content Lead** – Coordinated content creation and communication strategies.

Project Work

- **Adaptive Employee Churn Prediction and Retention Platform:** Designed and implemented an ML-based platform (XGBoost, LightGBM, CatBoost, Random Forest) to predict employee attrition. Conducted data preprocessing, feature engineering, and hyperparameter tuning with Optuna. Integrated results into interactive Power BI dashboards, enabling HR teams to gain actionable insights on churn drivers such as job satisfaction, promotions, and work-life balance
- **To-Do App:** Created a to-do application with full CRUD functionality using Django. Implemented user authentication and authorization to secure data and manage tasks efficiently. Designed a responsive and user-friendly interface with HTML, CSS, and Bootstrap. Managed database operations using Django's ORM and ensured high code quality through thorough testing and debugging.

Awards and Certificates

- Web Development Bootcamp on Udemy
- Python Full Stack (Django) Intern on Fututo IT Solutions, Palarivattom, Kochi
- Specialization in DATASCIENCE/ ML&AI, Capabl India, Bengaluru, Karnataka
- Artificial Intelligence & Machine Learning, NeST, Aluva
